

Hannegan & Sons, Inc.

2204 SE RHODODENDRON AVE., DALLAS \$323,226 • 1,804 SQUARE FEET • 2 BEDROOMS • 2 BATHROOMS

The conceptual design of Ceres Glenn centers around a carefree lifestyle within a desirable community and offering top-quality home construction with the best of amenities to fully enhance the lives of active adults. While each home is unique, they share a common architectural theme and conform to a special set of homeowners' rights, which include architectural design approval. The beautiful park-like setting and professionally maintained landscape give the subdivision unique appeal. Homeowners can invest with confidence knowing this community will continue to enjoy a superior level of appreciation and marketability over time. Ceres Glenn is "more than a home, it's a lifestyle."
