

Comfort Homes, LLC

2732 JORY HILL RD. S., SALEM

\$1,099,900 • 3,990 SQUARE FEET • 4 BEDROOMS • 3 BATHROOMS

In the Willamette Valley, Comfort Homes, LLC has become a symbol of superior workmanship and meticulous attention to detail. With a combination of stained wood, exposed beams and stone detail, the exterior of the home appears in perfect harmony with its natural surroundings. Upon entering the formal entry, one is greeted with a breathtaking view of Mount Jefferson. The home was designed so that nearly every location inside takes in the impressive view of its surroundings. This year's Tour home is the first collaborative effort on the Tour between Comfort Homes and Williams Development Northwest. Ask us about other areas that we are currently partnering on to create wonderful neighborhoods to live in.
